Product description

Permanently fixed access and protective devices for roofs with trade name Plannja, Ruukki, Pisko. Roof safety devices; Ridge rail, Snow guard pipes, Snow fence, Slide guard, Pipe solution for roof hatch, Anchor point and Wire system. The products are made of hot dip galvanized steel provided with 80–100 µm polyester powder coat or stainless steel. See page 2 of this certificate for more details.

Certificate

The products meet the requirements of SS 831331:2021 (Rails at roof ridge), SS 831333:2021 (Permanent guard rails on roofs), SS 831335:2017 (Snow fences), SS 831342:2014 (Slide guards for ladders), and RISE certification rule, CR 035, issue 2022-11-17. The corrosion protection is suitable for corrosivity class C4, according to in SS-EN ISO 12944-2 described class, based on a deemed expected lifetime of 15 years.

Associated documents

"Monteringsanvisning Plannja" 2025-04-07.

Marking

The marking shall fulfil the requirements in CR 035, section 4.4. Only products covered by this certificate may be marked with RISE -mark.

Validity

This certificate is valid until not longer than 2025-12-13. The validity of this certificate can be verified at RISE homepage. This edition of the certificate replaces previous editions.

Miscellaneous

The factory production control (FPC) is monitored by an independent inspection body. Control agreement: A-1062-19, Inspection body: Eurofins Expert Services Oy.
