

Ruukki Construction

Quality Policy

At Ruukki Construction, quality means customer focus, innovation, and continuous improvement. We are committed to delivering solutions that meet expectations and create long-term value for our customers and building users.

Our Approach:

- **Customer value** – We build trust through consistent quality and stand out by offering superior customer experiences throughout the entire project. We engage with our customers to understand their needs and deliver reliable products and services.
- **Excellence in Operations** - We operate efficiently and flexibly, with a focus on continuous improvement across all processes. We use feedback, innovation, and learning to develop our quality performance.
- **Quality Culture** - We emphasize “right from me” principle as a basis of quality culture. Deficiencies in our processes are systematically reported, investigated, and corrected. Every employee is committed to ensuring customer satisfaction.

At Ruukki Construction, quality is a shared responsibility — driven by commitment, competence, and purposeful action. Our ambition is to be the most trusted partner in construction industry.
